

# TECH CENTRAL WALKING TOUR - SYDNEY BIOMEDICAL ACCELERATOR

**Date:** Thursday 4 May 10.00am – 1.00pm

**Locations:** 

1. Engineering and Technology Precinct (J03), University of Sydney

2. Sydney Nano, University of Sydney (A31)

3. Susan Wakil Health Building (D18), University of Sydney

4. Gloucester House, RPA

#### **Speakers:**

Eamon Waterford, CEO, Committee for Sydney

Prof Robyn Ward AM, Executive Dean, Faculty of Medicine and Health, University of Sydney

Dr Teresa Anderson AM, CEO, Sydney Local Health District

David Thodey, Chair, Tech Central Advisory Group

Jeremy Gill Principal and Partner SGS Economics and I

Jeremy Gill, Principal and Partner, SGS Economics and Planning

**Prof Steve Wise,** Professor of Cardiovascular Bioengineering

Prof Alice Motion, Interim Director, Sydney Nano

**Amber Stanley**, Director of Health, Investment NSW

**Prof Cameron Turtle, Professor of Cancer Immunotherapy** 

Prof Tony Weiss, Professor of Biochemistry and Molecular Biotechnology

Graeme Spencer, National Director, Education and Science, HDR

Prof Vic Cogger, Professor of Translational Biogerontology

#### **Event overview**

Generating 30 per cent of Australia's GDP, Sydney's contribution to the future of Australia and the Asia-Pacific region cannot be underestimated. Tech Central is a critical part of Sydney's future economic growth and increasing our economic complexity, with the collaboration between a globally ranked University and Australia's Premier Hospital playing a significant role.

The Sydney Biomedical Accelerator (SBA) will be a nation-leading biomedical precinct, focused on fast-tracking research and innovation into improved patient outcomes and clinical services in New South Wales, Australia and beyond. Located between the University of Sydney and Royal Prince Alfred Hospital, the SBA will build upon the existing critical mass of internationally-recognised expertise and deep health and research partnerships, foster new industry and multi-disciplinary partnerships and be a catalyst for innovation, cementing our global competitiveness in health innovation.

Bring your walking shoes and join us for a special in-depth walking tour of the precinct, and hear from internationally acclaimed researchers and multi-disciplinary teams involved in solving complex health challenges and to learn more about how the SBA will further strengthen Sydney as a global leader in biomedical research.

Please arrive at 9.45am for a 10am sharp start at Engineering and Technology Precinct (J03), University of Sydney. The tour will visit Sydney Nano, University of Sydney (A31) and the Susan Wakil Health Building (D18), University of Sydney, before ending at Gloucester House, Royal Prince Alfred Hospital Camperdown.

# **RUNNING ORDER**

# How to get to the Engineering and Technology Precinct (J03)

### The J03 Building is accessible by train by alighting at:

- Redfern Station (1.2km / 15 min walk)
- Central Station (1.8km / 20 min walk)
- Newtown Station (1.7km walk / 20 min walk)

#### For bus travel, the J03 Building is centrally located nearby City Road and Cleveland Street.

- From the intersection of Eastern Ave & City Rd, it is roughly a 13 min walk
- From Broadway at Broadway Shopping Centre is roughly a 15 min walk
